EXTERIOR DESIGN

MAKE A BOLD UNDERSTATEMENT

Elegance meets harmony in the SUPERB. The front, with its distinctive bumper, grille, and headlights, presents a dynamic, yet determined look. The fog lamps are also unmistakable. In addition to their utility functions, they play a key design role.

STYLE AND FUNCTIONALITY

With the unmistakable ŠKODA inscription in the back, the new SUPERB proudly declares its roots.

The composition of the elements on the 5th door is complemented by a chrome strip that comes exclusively in combination with full LED rear lights. The car's distinctive look can be further underlined with the Black package (available in combination with full LED Matrix headlights and full LED rear lights). It includes glossy black features such as the front grille, roof railings, window frames, exterior side-view mirror caps, and inscriptions on the 5th door.

SIDE VIEW

Perfectly balanced proportions give the car a graceful appeal. The SunSet tinted windows in the rear improve the exterior look as well as passenger comfort.

SUNROOF

Beyond its basic function, the electrically-adjustable sunroof represents an attractive design feature.

LIGHT DESIGN

LIGHTS DON'T SHOW, THEY REVEAL

Advanced technology is made beautiful in the light design of the SUPERB. The car comes with full LED Matrix headlights, which offer improved road lighting and a higher degree of safety.

REAR LIGHTS

The full LED rear lights are fitted with animated turn indicators, which not only reveal where the driver is about to turn, but also add dynamism to the car. The rear lights also feature C-shaped illumination, typical for the ŠKODA family, but updated with a modern twist.

HEADLIGHTS AND FOG LAMPS

Using a windscreen camera, the full LED Matrix headlights of the SUPERB can detect a car in front of you or in oncoming traffic. Based on this, the high beam adjusts itself incrementally. This ensures you get the best view without blinding other drivers. The excellent functionality of the fog lamps is powered by LED technology.

INTERIOR DESIGN

QUALITY AS A STANDARD FEATURE

Every interior feature has been designed to make travelling comfortable. Enjoy the feeling of luxury with attractive décor, upholstery, door armrest stitching, chrome details and the LED ambient lighting running along the inside of the interior.

LED AMBIENT LIGHTING

You can choose your favourite colour, or complement each day with one of ten amazing colour options (turquoise shown). This is also reflected by the Virtual Cockpit background illumination.

DECORATIVE FEATURES

The interior features high-quality materials and precise workmanship, which is highlighted with the armrest and upholstery stitching. Plenty of chrome details can be found on the dashboard, doors, steering wheel and gearstick knob.

CONNECTIVITY

**SIMPLY
CLEVER**

A POCKET FOR EVERYTHING THAT MATTERS

The SUPERB features a multitude of compartments, pockets and holders, keeping your elegant interior tidy, and your belongings safe from loss, breakage or spillage.

JUMBO BOX

The spacious Jumbo Box storage compartment is housed in the front armrest. You can store your electronic items safely inside or cool it to keep your snacks fresh. A dual drinks holder with easy-open function can also be found on the centre console.

GLOVE COMPARTMENT

The storage compartment in the dashboard on the front passenger side can also be cooled when the air conditioning is on.

The lever to fold away the tow bar knob

BOTTLE HOLDER

You will find a 1.5-l bottle holder in a spacious compartment in the front doors and 0.5-l holder in the rear doors.

LUGGAGE COMPARTMENT

COMFORT

COMFORT AT YOUR COMMAND

Technology is nothing if it doesn't simplify your driving experience. Loaded with thoughtful features and sophisticated assistant systems, the SUPERB will indulge you in absolute comfort and support your driving confidence, whether keeping you relaxed on longer journeys or being entertained on the go.

KESSY

With the new version of the KESSY (Keyless Entry, Start and exit System) all doors can be used to unlock or lock the car.

ELECTRICALLY-CONTROLLED 5TH DOOR AND VIRTUAL PEDAL

The electrically-controlled 5th door opens and closes at the mere touch of the button on the remote control, central panel or directly on the 5th door. You can also adjust the upper door position to suit your needs. The door can be equipped with a virtual pedal enabling contact-free access.

COMFORT IN THE BACK
On the rear part of the Jumbo Box you will find a socket (230 V or 12 V) and two USB slots, enabling mobile phone charging. In the car equipped with 3-zone Climatronic air conditioning, you will also find the control for the rear seat zone here.

CANTON SOUND SYSTEM
Enjoy absolute sound clarity, whether it's music or the spoken word, on the Canton Sound System with twelve speakers, including a speaker in the dashboard and subwoofer in the luggage compartment.

A SAFE BET

In extreme situations, where the driver cannot actively influence the outcome, the car's passive elements take over – like airbags. You can have your SUPERB equipped with up to nine of them.

FRONT DRIVER AND PASSENGER AIRBAG
While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

FRONT AND REAR SIDE AIRBAGS
These four airbags protect the pelvis and chest of the driver and other passengers in the event of a side collision.

PERFORMANCE

ENGINES

Our top-of-the-line variant is a 2-litre petrol engine, which packs an impressive 206 kW punch with 4-wheel drive. The strongest diesel engine yields 147 kW of pure performance. With regard to the environment and emissions standard, our diesel range uses Selective Catalytic Reduction. This system injects AdBlue® to reduce mono-nitrogen oxides (NO_x).

DSG AND 4X4

The combination of the automatic 7-speed DSG (Direct Shift Gearbox) and 4x4 drive guarantees an extraordinary driving experience.
